

Our Semester Abroad in Zurich

Anna Petrova & Maria Nesheva, EBS London Students, did an SPA in Zurich, Autumn 08

Being on our Semester Period Abroad appeared to be a great challenge! It might be scary at the beginning but if you succeed to turn the threat into an opportunity (as we are learning), it can be the best experience ever! Because how can you be good in International Management if you are not "international" yourself!

We had a really great time here. We enjoyed the studies, the city and Switzerland as a whole. People are really nice and we made a lot of friendships in here! We will really miss it!
