

## **Inbound Study Abroad / Exchange Students**

**Autumn 2019**

**PG Module Availability**

**\*subject to change and demand\***

# Instructions

## **1. Choose your modules carefully**

- ✓ You must discuss the module options available with your academic advisor/ international office at your home institution.
- ✓ Ensure you read the module outlines of each module you are interested in carefully. All module outlines are available to read and download via the **link provided at the bottom of these instructions.**
- ✓ You must have read the module outline **before** deciding whether you want to take the course or not.
- ✓ You must not choose modules that you have already studied / are studying currently. **No changes are allowed once you have submitted your Module Choice Form.**
- ✓ Check with your home institution how many credits/ modules you must take while abroad. It is your responsibility to know this and you will need to ensure that you are registered for sufficient credits/ modules.
- ✓ The Module Choice Form (as part of your application) must be approved by your home institution.

## **2. Which courses are available for me to choose from?**

- ✓ All modules listed in the table below are open to study abroad/ exchange students. These have been approved by the relevant Head of Programme(s) at Regent's.
- ✓ Modules are subject to change and demand every term – If you have chosen a module that has been cut prior to the start of the semester, you will be informed immediately and need to choose an alternative course from the updated list.
- ✓ For some modules, you will need to meet the pre-requisites of the course. Check the module outline carefully and consult with your academic advisor (and the IPO Inbound Team if necessary).
- ✓ The full workload of credits you can sign up for is 30 ECTS. 20-25 ECTS is a balanced workload.
- ✓ You may register for classes across all programmes, but please note that you're more likely to avoid timetable clashes if you pick from one programme.

## **3. Timetable clashes and modules not running**

- ✓ We cannot guarantee that you will be given your first choices. This is due to timetable clashes (especially across programmes) and closed classes. Therefore, you must indicate at least one approved alternative on your form for every first choice module (If you need to take 25 ECTS, for example, you should note down as many first choices as needed to reach 25 ECTS, and as many alternative choices to reach 25 ECTS, too). You may be given any of these alternative modules if your first choices are not available. **It is important that they fit with your studies and have been approved by your home university.** If your form does not state these alternatives it will not be accepted and you will be asked to submit a completed form.
- ✓ Timetable clashes may be avoided if you choose only classes from one programme
- ✓ Please pay attention to any recent amendments in modules listed below- modules that have been cancelled are marked with a strike: ~~example~~. Modules which are newly added are highlighted: **example**.

**4. Your choices**

- ✓ You must ensure that you tick the box 'compulsory' if you require the module in order for your graduation not to be delayed. We will try our best to get you into this module but we still cannot guarantee it.
- ✓ All modules available are listed below and available for selection in the dropdown menus in the application form. If a module is not in the below list nor in the dropdown menus, it is not available this term.
- ✓ For further information on choosing your modules, please refer to our step-by-step guide to filling in your module choices.

**5. Changes to your module choices**

- ✓ You cannot make any changes to your module selections. Once submitted, this is considered your final choice. The IPO Inbound Team passes your choices on to the registry office who will schedule you into classes.

**6. Final timetable**

- ✓ We endeavour to send you a draft timetable prior to the start of the semester. In case we are unable to schedule you into sufficient classes we will then be in touch with you directly to sort this out. You will receive your final class timetable during the Orientation Week.

**7. Exams**

- ✓ You can check if a module requires your presence to sit an exam in January by cross-checking the right column 'Exam in January'. 'Yes' means that you will need to stay in London until January or return to London in January to sit the exam; 'No' means that you can leave Regent's as soon as classes finish in December and the module will have an alternative assessment method (e.g. essay, presentation, etc.) to be completed by the end of classes. For more information about your final assessments please consult the module outline.

***\*By submitting your application form (which includes the Module Choice Form) you confirm that you have read and understood the above\*.***

**7. Any questions?**

- ✓ Any questions should be directed to the IPO Inbound Team on [ipo@regents.ac.uk](mailto:ipo@regents.ac.uk).
- ✓ Please quote your full name and name of your home institution so we can advise swiftly.
- ✓ Module outlines (detailed module descriptions) are available to read through the links at the bottom of each programme offering.

<b>MA International Business CORES</b>
