

**Inbound Study Abroad and Exchange Students
Autumn 2022**

PG Module Availability

subject to change and demand

Business and Management – [page 4-6](#)

Fashion & Design– [page 7](#)

Psychology – [page 7](#)

Liberal Arts & Humanities – [page 8](#)

Languages – [page 9](#)

Last updated on 27/04/2022

Instructions

1. Choose your modules carefully

- ✓ You must discuss the module options available with your academic advisor/ international office at your home institution.
- ✓ Ensure you read the module specification of each module you are interested in carefully.
- ✓ You should not choose modules that you have already studied / are studying currently.
- ✓ Check with your home institution how many credits/ modules you must take while abroad. It is your responsibility to ensure you are registered in the correct credit load.

2. Which courses are available for me to choose from?

- ✓ All modules listed in the table below are open to study abroad and exchange students. All modules are taught as part of Regent's main degrees and have been approved by the relevant Director of Content at Regent's.
- ✓ Modules are subject to change and demand every term – If you have chosen a module that has been cancelled and we are unable to allocate you to your alternative choices, you will be informed and need to choose an alternative course from the updated list.
- ✓ For some modules, you will need to meet the pre-requisites of the course. Check the module specification carefully and consult with your academic advisor (and the Partnerships Team at Regent's if necessary).
- ✓ The maximum workload of credits you can sign up for is 30 ECTS. 20-25 ECTS is a balanced workload.
- ✓ We strongly encourage you to choose modules from within one programme. For example, if you are choosing your core / required modules from Business and Management, it is preferred that you pick modules from Business and Management programmes only.
- ✓ You may register for modules across all programmes, but please note that you're more likely to avoid timetable clashes if you pick from similar levels and within the same programme.
- ✓ It is strongly recommended that you pick modules within your area of study to ensure you have some prior knowledge in the subject.

3. Timetable clashes and modules not running

- ✓ **We cannot guarantee that you will be given your first choices.** This is mainly due to timetable clashes (especially across programmes and levels). Therefore, you must indicate at least one approved alternative on your online application for every first-choice module (for example, if you need to take 25 ECTS, you should note down as many first choices as needed to reach 25 ECTS, and as many alternative choices to reach 25 ECTS). You may be given any of these alternative modules (in order of preference) if your first choices are not available.
- ✓ **Timetable clashes may be avoided if you choose only classes from the same level and programme.**

4. Changes to your module choices

- ✓ **You cannot make any changes to your modules selection unless there is a valid academic reason for this.** The International Partnerships Team passes your choices on to the Timetabling team who will schedule you into classes and create your timetable.

5. Final timetable

- ✓ You will be able to view your timetable after completing your full registration. This is likely to happen a couple of weeks before Welcome Week and instructions about this will be sent to you closer to the start of term.

****By submitting your module choices as part of your application, you confirm that you have read and understood the above*.***

6. Exams

- ✓ **You can check if a module has an exam in January by cross-checking the right column 'Exam in January':**
 - 'Yes' means that you will need to be prepared to do the exam in January;
 - 'No' means that the module will have an alternative assessment method (e.g. essay, presentation, etc.) or a final exam to be completed by the end of classes in December.

For more information about your final assessments please consult the module specification.

7. Any questions?

- ✓ Any questions should be directed to the Partnerships Team on studyabroad@regents.ac.uk
- ✓ Please quote your full name, name of your home institution and Regent's ID number (if you already have one) so we can advise swiftly
- ✓ **Module specifications (detailed module descriptions) are available through the links at the top of each subject area. Please note that module descriptions for 2022-2023 will be available in the following months.**
