REGENT'S
UNIVERSITY LONDON

Inbound Study Abroad and Exchange Students

Spring 2023

Postgraduate Module List

subject to change and demand

Last updated on 22/12/2022

Instructions

1. Choose your modules carefully

✓ You must discuss the module options available with your academic advisor/ international office at your home institution.

✓ Ensure you read the module specification of each module you are interested in carefully. Module specifications (detailed module descriptions) are available through the links at the top of each subject area. Use any Search Up tools or Ctrl + F to find the relevant module you need to consult.

✓ You should not choose modules that you have already studied / are studying currently.

✓ Check with your home institution how many credits/ modules you must take while abroad. It is your responsibility to ensure you are registered in the correct credit load.

2. Which courses are available for me to choose from?

✓ All modules listed in the table below are open to study abroad and exchange students. All modules are taught as part of Regent's main degrees and have been approved by the relevant Director of Content at Regent's.

✓ Modules are subject to change and demand every term – If you have chosen a module that has been cancelled and we are unable to allocate you to your alternative choices, you will be informed and need to choose an alternative course from the updated list.

✓ For some modules, you will need to meet the pre-requisites of the course. Check the module specification carefully and consult with your academic advisor (and the Partnerships Team at Regent's if necessary).

✓ The maximum workload of credits you can sign up for is 30 ECTS. 20-25 ECTS is a balanced workload.

✓ We strongly encourage you to choose modules from within one programme. For example, if you are choosing your core / required modules from Liberal Studies, it is preferred that you pick modules from Liberal Studies only.

✓ You may register for modules across all programmes, but please note that you're more likely to avoid timetable clashes if you pick from similar levels and within the same programme.

3. Timetable clashes and modules not running

✓ We cannot guarantee that you will be given your first choices. This is due to timetable clashes (especially across programmes and levels) and closed classes. Therefore, you must indicate at least one approved alternative on your online application for every first-choice module (for example, if you need to take 25 ECTS, you should note down as many first choices as needed to reach 25 ECTS, and as many alternative choices to reach 25 ECTS). You may be given any of these alternative modules (in order of preference) if your first choices are not available.

✓ **Timetable clashes may be avoided if you choose only classes from the same level and programme.**

4. Changes to your module choices

✓ You cannot make any changes to your module selections unless there is a valid academic reason for this. Once submitted, this is considered your final choice. The Partnerships Team passes your choices on to the Registry office who will schedule you into classes and create your timetable.

5. Final timetable

✓ You will be able to view your timetable after completing your full registration during Induction Week.
In case we are unable to meet your required credit load with the choices you provided, we will be in touch with you directly prior to your arrival to ask for additional choices.

By submitting your module choices as part of your application, you confirm that you have read and understood the above.

6. Any questions?

✓ Any questions should be directed to the Partnerships Team on studyabroad@regents.ac.uk

✓ Please quote your full name, name of your home institution and Regent's ID number (if you already have one) so we can advise swiftly

Business and Management

Business and Management module specifications are available here

Please note that you can only enrol in up to 10 ECTS worth of modules from MSc Digital Marketing & Analytics (modules starting with MKT)

MSc Data Science in Business

Code	Module Title	Term	UK Credit	ECTS
