How you will learn

We believe in teaching English in a fun and practical way, building your confidence by putting you in real situations in one of the world's most exciting capital cities.

Carnaby Street, Soho

Tailored induction

On your first day, we will take you on a tour of campus and share all you need to know about your classes and schedule. We will explain what support, facilities and activities are available – and what you can do if you have a question or problem.

In your first week, you will meet with a member of the team to talk through your goals, identify the support you need to thrive and learn how to make the most out of your time at Regent's.

Engaging classes

Classes are always fun and engaging with a focus on practical tasks and activities that promote critical thinking, problem-solving and an understanding of British culture. Working in pairs or groups, you will put your skills into practice – presenting, writing for different purposes, and talking about topics relevant to you.

We will also take you out of the classroom on walking tours of London's top sights. Imagine discussing Shakespeare's poems at The Globe or exploring the locations Charles Dickens writes about in his novels.

Our teachers

Our English teachers all have the Cambridge CELTA or Trinity CertTESOL, as well as a university diploma or degree. Some also have a Cambridge DELTA qualification and/or a Master's in TESOL/Applied Linguistics. They all have experience in teaching students from every corner of the world, and are committed to helping you achieve your goals quickly.

We support you at every step
